Report of Forest Fire Warden

WOODLAND LITTER, WHEN DRY, IS HIGHLY INFLAMMABLE AND FIRES CAN QUICKLY GET OUT OF CONTROL. WE REQUEST YOUR COOPERATION TO CONTROL ALL FIRES SO THAT LIVES AND PROPERTY MAY NOT BE ENDANGERED OR DESTROYED, AND FORESTS BE KEPT GREEN TO FURNISH THE NATURAL BEAUTY WE ALL ENJOY AND TO GROW TIMBER WE WILL NEED.

WHAT IS "WOODLAND"?

The term "woodland" is defined by law to include, "cut-over land, slash and such other land as bears a sufficient amount of wood growth, woods, weeds, grass or other growth as to be likely to be burned over."

WHEN IN THE WOODS, YOU ARE EXPECTED TO EXERCISE CAUTION IN THE USE OF FIRE AND TO REMEMBER THAT

IT IS UNLAWFUL TO

Throw down lighted matches, cigarettes, or other burning substances from vehicles or otherwise.

Burn brush, rubbish, grass or other materials when the ground is not covered with snow, without written permission from the Forest Fire Warden.

Kindle a camp or cooking fire on land of another without permission from the owner or his agent.

Leave an open fire burning unattended.

Fail to report a forest or brush fire that is out of control.

VIOLATORS ARE SUBJECT TO THESE PENALTIES

Anyone letting a fire escape from control, whether or not he has a permit to kindle the fire, is liable for the costs of extinguishing the fire.

Anyone found guilty of dropping inflammable material in or near woodland shall be fined not more than \$25.

A person failing to report an uncontrolled brush or forest fire is liable to a fine of not more than \$10.

For kindling a fire in woodland of another without permission of the owner, or for kindling any fire without a permit when a permit is required, a person may be fined not more than \$200, or imprisoned 60 days.

DAMAGES

Every person who shall set fire on any land, that shall run upon the land of another, shall pay to the owner all damages done by such fire.

BE SURE — GET A PERMIT

Incinerators should be tight, with a close mesh screen, and be on clean ground.

Open fireplaces used to burn rubbish are classed as incinerators.

Always clean a space about any open fire to prevent its spread.

Never burn in dry, windy weather.

Have incinerators inspected by the Forest Fire Warden and get his written permission.

Acknowledgement of Gifts

During the past year the following gifts have been made to the Town of Sandwich for which the Town is duly grateful.

The Trustees of the Alfred Quimby Fund gave the sum of \$500.00 for bush cutting which has been a serious problem in recent years.

Through the generosity of W. Leroy White, the Town of Sandwich is very fortunate to have the gift of a large portion of the available beach at Bearcamp Pond with an adjoining tract of land containing 2.4 A. The beach has become increasingly popular in recent years. Its use will be restricted to residents, summer residents and their guests.

Report of School Nurse

Vitamin A & D pills were donated this year of 1956 to the children at the Central School by the Red Cross. I wish some of you folks could hear the exclamations of delight from the children when I bring the bottle of vitamins to each room. Many thanks should be extended the Red Cross for this service.

Vision tests, hearing tests, head inspections, first aid, and recording of heights and weights were completed as usual. The major part of the School Health Program has been to offer each child the opportunity to have the Salk Vaccine. A Salk vaccine clinic was held at the Central School on February 8th and November 19th. Most of Quimby students had their first shots in June when the State approved using the vaccine up to age 20. On December 17, third shots were given to the group of children who had their first and second ones in 1955. As of December 31, 1956, my records show the following for Sandwich Central School:

60 children have completed 2 shots.

20 children have completed 3 shots.

Quimby School records show:

1 has completed 1 shot.

31 have completed 2 shots.

1 has completed 3 shots

Several children throughout the year have been checked at the Orthopedic Clinic in Laconia.

Twelve children were present for visiting day, May 29th, in preparation for their entrance to the first grade in September. Histories of each child, vision tests and heights and weights were recorded.

In October and November, 87 physical examinations were completed at the Central School and 34 at Quimby School.

T. B. Patch Tests were applied October 29th. On November 8th a Chest X-ray Clinic was held in Center Ossipee for this area as a follow-up for the patch test results.

37 cases of chicken pox in the schools were reported this Fall.

Diabetic Tests were given during Diabetic Week for the 7th and 8th grades and Quimby School. We had wonderful cooperation and intend to do the rest of the children at a later date.

Thirty-seven home visits were made.

Report of the Superintendent of Schools

To the School Board and Citizens of Sandwich:

I herein present my second annual report as superintendent of Supervisory Union #2 which includes the Sandwich schools:

In thinking over what our schools should accomplish, I hope we can keep in mind that today the whole child goes to school, and that the teacher is not concerned with the mind of the child alone. Children do better school work when they are happy in their home life, are in good health, know how to get along with others and have a confident outlook on this world.

It has been agreed generally that the aims of the schools cannot be separated from the aims of society any more than the concept of a good education can be differentiated from the concept of a good life and, in our planning, we should strive to achieve the goals that have been listed in the report of the New Hampshire Conference on Education, "What the Schools Should Accomplish." The schools should produce men and women who:

1. have mastered the basic skills and tools of knowledge without which additional learning is impossible—the three R's;
2. know the history and geography of their country, understand the structure and philosophy of its government, have a feeling for its tradition of tolerance and fair play; i. e. good citizenship;
3. enjoy physical and mental health and understand the laws of hygiene;
4. have an appreciation of their own art and literature and that of other countries as well;
5. are able to provide for their needs by employment in the professions, industry, the arts and the sciences;
6. can fruitfully use, and not merely dissipate, the leisure time made available to them by the high standard of living in America;

7. have a true perception of right and wrong, and understand that no gain is worth the loss of a man's soul.

It was apparent at the preliminary conferences, in preparation for the White House Conference on Education, that the representatives of the New Hampshire schools felt that the schools should provide the best education possible for each child, whatever his ability. This means that the schools should have facilities to handle the bright and the dull, the lazy and the industrious, the shy and the bold, the artistic and the practical.

GUIDANCE

Dr. Charles B. Regan, Director of Guidance in the Union, has developed a permanent record folder that will carry valuable information on each pupil to be used in counseling and a standard testing program for the Union has been set in operation for grades 1, 3 and 6 and, through the use of the University of New Hampshire Testing Service, batteries of tests for grades 8 and 11 have been administered.

PARENT TEACHER ASSOCIATION

The P. T. A. is to be complimented for the fine educational programs that have been directed toward the individual child.

WORK SHOP

The work shop this year—AUDIO VISUAL MATERIALS—was held at Ashland High School the latter part of September. The teachers were instructed about various ways of enriching their programs through the use of Visual Aids. Each one of the districts has included an item in the budget to enlarge this part of the curriculum.

MUSIC

Mr. Arthur Welwood, Jr., a graduate of Boston University with a major in music education, is supervisor of the music in the towns of Ashland, Holderness and Sandwich. Mr. Welwood has set up a well-rounded program of music education and is in the process of developing an instrumental program for boys and girls interested in band instruments.

CONCLUSION

The members of the teaching staff and school personnel have been very cooperative, and where cooperation exists, counseling and discussion can be carried on to advantage.

To you, the members of the School Board, I am very grateful for the cooperation given me in carrying out the supervisory duties entrusted in me by you and the State Department of Education.

You, as Board members, deserve a great deal of thanks and praise for the many hours spent in carrying out the duties of a school board member and for serving your community in this very important position.

Respectfully submitted,

MARTIN E. HEFFERNAN

Superintendent of Schools

SUPERVISORY UNION #2

B u d g e t

The Union Budget for the 1957-58 school year has been apportioned among the five districts on the basis of the 1955-56 average daily membership and the 1954 equalized valuation as follows:

<i>District</i>	<i>Percentage</i>	<i>Supt's Salary</i>	<i>Travel, Sec. & Office exp.</i>
ASHLAND	20.15%	\$1,007.50	\$1,326.02
INTER-LAKES Meredith Center Harbor	42.06%	2,103.00	2,767.84
HOLDERNESS	12.37%	618.50	814.03
MOULTONBORO	15.35%	767.50	1,010.14
SANDWICH	10.07%	503.50	662.67
	<hr/> 100.00%	<hr/> \$5,000.00	<hr/> \$6,580.70

The superintendent's salary this year is \$7,000; \$4,500.00 of this salary is paid by the five districts in the Union and the balance is paid by the State.

Report of Principal

This year, for the first time, the Rhinehart Handwriting System is being taught at Sandwich Central School. This system is quite different from the Palmer method which was so popular in schools years ago. Instead of treating penmanship as an isolated subject, it stresses the fact that everything a child writes should be well written. It does not attempt to change the style of the child's penmanship, but emphasizes correct formation and uniform slant of letters, alignment, and even spacing of letters and words. A supervisor visits each classroom once a month. He examines and grades specimens of the daily arithmetic, language, spelling and social studies papers, as well as test papers on the lesson assigned at his previous visit. On a chart in each room he places a red, blue, or gold star depending upon the excellence of the daily work. He then works with the children on the lesson for the next month. He leaves the assignment with the teacher who continues to work with the children each day until the supervisor's next visit.

Improvement in penmanship is evident throughout the school. The children are conscious of their handwriting as they never were before, and look forward with pleasure to the monthly visit of their supervisor.

We have been fortunate this year to have Mr. Arthur Welwood as our music supervisor. Plans were being made to conduct a class in the playing of musical instruments, but unfortunately these have had to be dropped as Mr. Welwood leaves us to join the Armed Forces the last of March.

Without being extravagant, we try to keep our supply of text books up to date. The World Book Encyclopedia, which is new this year, is a great source of information and pleasure to the children. Several have been heard to say they wished they had a set of their own, and when the average child wishes for a set of encyclopedia it must be good! It is hoped that in the future we may have another set for the building, for when they are used as much as these are, one set is not really enough.

In January, Mr. and Mrs. Cloutman, directors of "Who's Who In Zooland," brought this educational lecture and exhibit to our school. Various species of wild animals and birds from foreign countries were shown and a brief lecture concerning the habits and characteristics of each was given. The children were free to ask questions about the animals, and received much pleasure and information from this visit.
